SUMMARY

Full Stack Developer with hands-on experience designing, building, and deploying responsive web applications across frontend and backend stacks. Currently at VdoOps delivering client and company websites using React.js, Node.js, Express.js, and Tailwind CSS — with a focus on reusable component architecture, SEO-friendly implementation, and production deployment. Prior experience at Iloma Technology building **scalable RESTful APIs**, JWT/RBAC-secured backend systems, AI-powered automation workflows, and full-stack MERN applications. Skilled across the full development lifecycle — from UI/UX implementation and REST API development to frontend-backend integration and deployment.

SKILLS

Programming Languages: JavaScript, TypeScript, Python, SQL

Frontend:	React.js, Redux, Context API, HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, shadcn/ui, Responsive Design, Cross-Browser Compatibility
Backend:	Node.js, Express.js, Flask, REST API Development
Databases:	MongoDB, MySQL, Supabase
SEO & Deployment:	On-Page SEO, Semantic HTML, Metadata Optimization, Vercel, Netlify, AWS, Docker, CI/CD
Tools & Platforms:	Git, GitHub, Postman, Swagger, Figma, DB Designer, n8n
AI Tools & IDEs:	ChatGPT, Gemini API, Cursor, Claude Code, VS Code

WORK EXPERIENCE

VdoOps **Aug 2026 – Present**
Full Stack Developer Intern *Delhi, India*

- Designed and delivered **5–6 complete, responsive websites** for company and client projects including coaching institute websites — working across frontend and backend development.
- Built frontend interfaces using **React.js, JavaScript, and Tailwind CSS** — implementing reusable components, interactive sections, and smooth animations.
- Developed **backend APIs and server-side functionality** using Node.js and Express.js, integrating them with React.js frontends for full-stack delivery.
- Implemented **SEO best practices** including semantic HTML, metadata optimization, heading hierarchy, and responsive design for improved search-engine visibility.
- Prepared and **deployed websites to production**, managing hosting configuration and supporting post-deployment improvements.
- Currently contributing to an **ERP + LMS platform** for a coaching institute client — building interface and application functionality to support education management workflows.

Iloma Technology — Hybrid **Jan 2026 – Jul 2026**
Software Developer Intern *Nagpur, Maharashtra*

- Contributed to **Kanrivo** (coworking SaaS) — built responsive React.js UI components for booking, member profiles, subscriptions, and billing; supported backend integration using Python Flask.
- Built a full-stack **21-Day Super Admin Panel** — complete CRUD, user management, and overview dashboard with role-based access control.
- Delivered client websites for **Syslogyx Electronics Pvt. Ltd.** and **SMK Insurance, Nagpur** — responsive frontends with integrated lead capture form and backend submission handling.
- Collaborated to design and build **75+ RESTful APIs** using Node.js/Express and Flask — multi-filter search, data classification, and bulk data operations.
- Implemented **JWT Authentication and RBAC** to secure APIs and manage user roles across projects.
- Managed version control using Git & GitHub (PRs, branching, merge conflict resolution) in an Agile/Scrum environment.

PROJECTS

Movie Ticket Booking Platform (MERN Stack)

- Full-stack booking system with Clerk-based auth, role-based access, seat management, and Admin/User modules.
- Built REST APIs for movie upload, show scheduling, seat management, and booking control.
- **Tech:** Node.js, Express.js, MongoDB Atlas, React.js, Tailwind CSS, Vercel, Clerk · one-show.vercel.app

MediTalk – AI Powered Healthcare Chatbot

- AI chatbot with text, voice, and image input, multilingual support, secure auth, and Supabase real-time database.
- Deployed on Netlify with real-time data handling via Supabase and PostgreSQL.
- **Tech:** React.js, TypeScript, Tailwind CSS, Supabase · meditalk-healthcare-assistant.netlify.app

EDUCATION

Higher Secondary (2020 – 2022)
Shah Babu Junior College, Patur
Percentage: 85.67%

B.Tech in Computer Science (2022 – 2026)
GH Raisoni University, Amravati
CGPA: 7.5

CERTIFICATIONS

- Full Stack Developer Intern — VdoOps, Delhi (React.js, Node.js, Express.js, SEO, Deployment)
- Software Developer Intern — Iloma Technologies, Nagpur (Agile/Scrum, MERN Stack, Flask)
- Full Stack Developer Training — iLoma AI R&D Portal (Claude API, LangGraph, RAG, Next.js)
